7. After clicking the ok button, you can see your withdrawal request being displayed in the Account History.

The screenshot shows the Glovice VC withdrawal interface. At the top, there's a header with the logo, a menu, and verification status (Document verified, Email Verified, EN). The left sidebar lists navigation options: Dashboard, My Profile, My Account, My Wallet, Deposit, Withdraw (highlighted), Internal Transfer, My Transactions, Bonuses, Tickets, Partner Portal, Loyalty Points, and Log Out.

The main content area has a withdrawal form with the following fields:

- Amount:** USD 10
- Fees:** USD 0.05
- Approximate Amount:** USD 9.95
- Min Amount:** 10 | **Max Amount:** 100000
- Comment:** (empty text area)

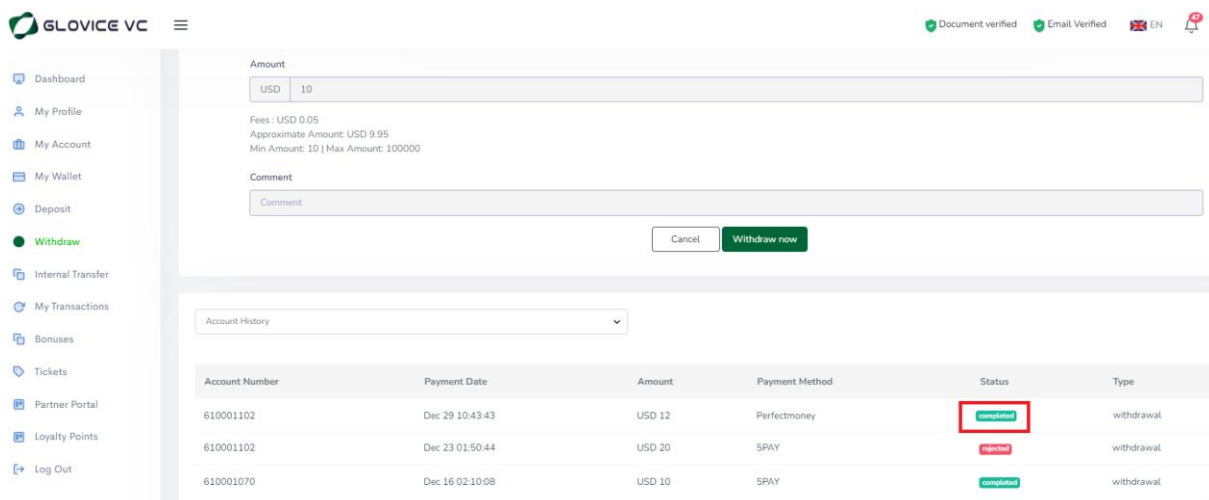

Below the form are two buttons: "Cancel" and "Withdraw now".

Below the form is the "Account History" section, which contains a table with the following columns: Account Number, Payment Date, Amount, Payment Method, Status, and Type.

Account Number	Payment Date	Amount	Payment Method	Status	Type
610001102	Dec 29 10:43:43	USD 12	Perfectmoney	pending	withdrawal
610001102	Dec 23 01:50:44	USD 20	SPAY	rejected	withdrawal
610001070	Dec 16 02:10:08	USD 10	SPAY	completed	withdrawal

At the bottom of the table, there are "Previous" and "Next" navigation links, with "1" indicating the current page.

8. For now the status would be “pending.” Once Glovice VC approve your withdrawal request, you could see its status become “completed” and receive the withdrawal in your Perfect Money account. This would be the end of withdrawal procedures.

This screenshot shows the same Glovice VC withdrawal interface as the previous one, but with the status of the withdrawal request updated to "completed".

The withdrawal form fields remain the same:

- Amount:** USD 10
- Fees:** USD 0.05
- Approximate Amount:** USD 9.95
- Min Amount:** 10 | **Max Amount:** 100000
- Comment:** (empty text area)

The "Account History" table now shows the following data:

Account Number	Payment Date	Amount	Payment Method	Status	Type
610001102	Dec 29 10:43:43	USD 12	Perfectmoney	completed	withdrawal
610001102	Dec 23 01:50:44	USD 20	SPAY	rejected	withdrawal
610001070	Dec 16 02:10:08	USD 10	SPAY	completed	withdrawal

The "Status" column for the first row (610001102) is now "completed", which is highlighted with a red box in the original image.
